Meet the 30 Under 30 winners for 2022

Mar 1, 2022, 12:00pm EST **Updated: Mar 1, 2022, 2:00pm EST**

Their career paths range from law to education, from finance to nonprofit work.

Some have started businesses; others are making their marks at well-established local companies.

But all are in the early stages of their careers and achieving high levels at work and in the community.

Meet the winners of Business First's 2022 30 Under 30.

The 11th annual class was narrowed down from nearly 150 nominations, meaning that only 20% of those nominated made the cut.

Among the factors considered: career achievements, leadership and initiative, community engagement and each nominee's potential to become a community leader on a grand scale.

The winners will be honored at an awards event at 4 p.m. April 21 at the Hyatt Regency Buffalo, presented by Buffalo Business First and sponsored by Lakeshore Savings Bank and the University at Buffalo School of Management. [Click here for information.](#)
